Character

You are an energetic person, never satisfied unless you are up and doing. You are strong in mind and strong in body and full of enthusiasm for the work in hand. You have unlimited courage, and all these qualities combined tend to make your life varied. You are not going to stay at one thing just because you have set out in that direction. You will change your job, your friends, your hobbies or anything whatsoever provided you think the change is for better. Unfortunately for you, you will not always count up the pros and cons of the change as carefully as you should and this impulsiveness may often lead you into difficulties. Still you have a courage, you are a born fighter and are endowed with plenty of enterprise. All of which will enable you to succeed in the end. It is unlikely that you will amass great wealth but money is only useful for the happiness it can bring and of happiness you will have your full share and more. There are many reasons for thinking that you will move from place to place a good deal and probably you will see much of the world. If a man, you are likely to take up posts in various parts of the country, and, if a woman, it would not be surprising if you called upon to travel because of the requirements of your partner's business or profession. We would suggest that you should endeavor to cultivate the quality of patience, and that you reason out the cost more thoroughly before embarking upon some fresh enterprise. There are little points but they help to mar your success. Moreover, avoid being a rolling stone (avoid changes) especially after the age of 35.

Happiness And Fulfillment

There is a harmony between your thinking and feelings, enabling you to have a firm grasp on reality. You are very practical, able to understand yourself, and say tactfully exactly what's on your mind. You are able to see what in your inherent nature prevents you from achieving inner satisfaction and you are able to verbalise this. However, you will tend to worry about the most inconsequential matters, tend to gossip and be as critical of yourself as you are of others.

Life Style

You love to communicate, and you are much better motivated to do a good job when others are watching. If you are on stage, you would do a much better job with a large audience than with a small one.

Career

Because you are patient and want a career with permanence, it is hardly necessary for you to rush. Pursue a career in an area such as banking, Government service, Insurance Companies where you advance slowly but surely. Not only will you be much better off in the long run, but you have the patience and the attitude to see it through.

Occupation

Your desire for benefiting mankind and alleviating suffering will find ample scope in the medical profession or in nursing (if you are a woman). In either of these, you would be able to live up to your ambitions and do really good and useful work in the world. Failing the possibility of entering these professions, there are still opportunities that will agree with your temperament. As a teacher, you could perform really excellent service. You would fulfill the duties of a manager or supervisor of a large staff with courage and kindness, and people would submit to your orders willingly, knowing that they could always count on you as a friend. In quite another field you may safely rely on earning a good living. It is in the literary and artistic expression, and these single you out for an author's life. You can become an excellent actor also whether for T.V. or for films. If you take up this kind of profession, it would not be surprising that you would spend your time and money in furthering some humanitarian work.

Health

The length of your life depends more on yourself than on the fates. You have the power to attain a ripe old age. But, if you wish to do so, you must take particular care of your lungs. Seek all the fresh air you can obtain and, without making yourself a faddist, dwell as much as possible under the sky of heaven. Make a practice of regular walking and see that your head is up and your chest open. Colds and coughs should never be neglected, and damp air is highly injurious. As a secondary caution, look to your digestion. Never overload it with foods that are rich and hard to digest. Plain food will serve you best.

|| Manglik Details / Mangal Dosha ||

Generally Manglik Dosha is considered from the position of Lagna and Moon in the birth chart.

In the birth chart, Mangal is placed in Tenth house from Lagna, while in the Moon chart Mangal is placed in Second house.

Hence Mangal Dosha is present neither in Lagna Chart nor in Moon Chart.

Mangal Dosha is considered to create hurdles in the married life of a person. According to some, Mangal Dosha results in frequent illness or ultimately death of partner(s).

It is considered that if a manglik person marries to another manglik person then the manglik dosha gets cancelled and has no effect.

Some Remedies (in case Mangal Dosha is present)

Remedies (needs to be performed before marriage)

Kumbha Vivah, Vishnu Vivah and Ashwatha Vivah are the most popular remedies for Mangal Dosha. Ashwatha vivaha means the marriage with peepal or banana tree and cutting the tree after that. Kumbha Vivah, also called Ghata Vivaha, means marriage with a pot and breaking it after that.

Remedies (can be performed after marriage)

1. Keep Kesariya Ganapati (Orange coloured idol of Lord Ganesha) in worship room and worship daily.
2. Worship Lord Hanuman by reciting Hanuman Chalisa daily.
3. Mahamrityunjaya paath (recitation of Mahamrityunjaya mantra).

Remedies (based on Lal Kitab, can be performed after marriage)

1. Feed birds with something sweet.
2. Keep ivory (Haathi Daant) at home.
3. Worship banyan tree with milk mixed with something sweet.

Note: We strongly recommend you to consult an astrologer before performing these remedies by your own.

Shani Sade Sati: Peak Phase

This is the peak of Shani's Sade Sati. Generally this phase of Saturn is the most difficult one. Saturn transiting over natal Moon indicates health problems, character assassination, problems in relationship, mental afflictions, and sorrows. You will find it difficult to achieve success in this period. You may not get results of your hard work and feel restricted. Your constitution and immune system will not be strong. As first house is the house of health, you should start exercising and taking care of your health, otherwise you can be caught by chronic diseases. You may suffer from depression, unknown fear or phobia. You will lack clarity in thinking, action, and decision making. You will be spiritually inclined and will be attracted by intricacies of nature. Acceptance and doing basics right will sail you out of this period.

Shani Sade Sati: Setting Phase

This is 'setting' period of Shani's Sade Sati. Saturn will be transiting in the 2nd house from the natal Moon, which indicates difficulty on financial and domestic front. You will start feeling slight relief after having two difficult phases of Sade Sati. Still, misunderstandings and financial stress can be seen during this period. Expenses may keep soaring high and you need to continue exercising control. Sudden financial losses and fear of theft is also a possibility. You may be pessimistic in thinking, you are advised to deal with matters enthusiastically. You will require paying good attention to family and personal front, otherwise those can also lead to a bigger problem. For students, education may be slightly affected and they will have to work harder to hold on to their existing level. Results will be slow and almost always with the delay. This is a period which indicates danger and apart from other things, you need to be careful while driving. If possible, stay away from non-veg and your drinking habits to keep Saturn happy. You will be able to sail through this period by intelligently handling your domestic and financial matters.

Note: Above predictions are of general nature and are based on general belief that Sade Sati is harmful. Truly speaking, we found that it is not always the case and we recommend reading this article on Sade Sati. Any conclusion based on Sade Sati alone is not correct and has good chances of failing. Certain factors like current running dasa and nature of Saturn also need to be analyzed before we can conclude whether Sade Sati period will be malefic or benefic. You are advised not to take above forecasts seriously and in case of any doubt, consult a good astrologer.

|| Shadbala and Bhavabala – Strength Calculations ||

Shadbala is a method in Vedic astrology that gives quick insight in the strength of planets and the houses. Sanskrit means 'Six' and hence Shadbala consists of 6 different sources of strength. Shadbala calculation is a laborious process but thanks to computers one can get these strength calculations by just one mouse click. Shadbala method gives a value to each planet and each house. The more points a planet and a house gets in Shadbala the stronger it is.
